Gut Uhlenhorst – Golfing in Kiel

Gut Uhlenhorst offers more than just golf ...

We have a special offer with many other attractions. More inside!

Combine your Golf Holiday in Kiel with many other attractions

For golfing enthusiasts we have put together a special “Golf arrangement”, where of course playing golf is in the foreground. After your round you can enjoy a “Special Shopping” experience at Karstadt.

„That’s golfing country“ said an enthusiastic Golf architect Donald Harradine on his first visit to the slightly rolling countryside typical in Schleswig-Holstein. Donald Harradine having designed 300 courses Worldwide must be a good judge.

The 27 hole course is playable the whole year round on sommer greens. The Championship course has been laid out both with a Par 72 and an extra Par from 70. This guarentees a trouble free round.

A 9 hole Par 3 Munciple course was built to make the practice facilities more effective and are at your disposal 365 days a year. The golf course lies in and is surrounded by the magnificent Nature of the “Scandinavian South Sea” and the club house that is furnished in a “British Style” is open the whole year round.

We are open 365 days a year

and offer a very playable course.
More details under www.gut-uhlenhorst.de, where with the aid of a webcam you can see the course.

During your stay
you can let your car
be serviced/repaired.

Due to demand in the last few years, we offer you the unique opportunity of having your car serviced or repaired whilst you enjoy your Golf.

It works simply, after discussing the necessary repairs with your local dealer you take your car to the garage and you will receive free of charge a replacement car for the duration.
